

Subject: Supply Disruption Impacted Products/Technologies, e.g., Silicone Adhesives

Dear Valued Customer,

Through ever-challenging supply conditions, Henkel works extremely hard to maintain the highest levels of service and technological leadership. We are driven to continue the development of high-performance products without compromising the dependability and quality of our service. We appreciate your continued usage of our products, and we understand that our products are important in your process.

Recent supply chain disruptions are impacting Henkel's ability to procure raw materials needed for the products listed below. Due to these unforeseen circumstances, Henkel's process for reviewing and filling existing orders has been delayed, and we are committed to keeping you informed.

We are in close contact with our suppliers during this complex and rapidly evolving situation and are committed to resolve the challenge as soon as possible.

Your Henkel Account Manager will contact you to discuss the status of current and future orders. Henkel appreciates your patience and understanding during this challenging period.

Sincerely,

Jay Reddy
Product Manager
Henkel Corporation
