

Apply adhesive anytime, anywhere with a compact hand-held applicator.

## QuikDot™ PRO

Quickly and effectively apply adhesives in the field or at a distribution center with the compact, lightweight and portable QuikDot™ Pro hand-held applicator. Engineered to make applying Glue Dots® Brand Adhesives fast and affordable, the applicator allows the operator to apply the right amount of adhesive every time.

User-friendly while increasing productivity, this manual applicator is an excellent solution for tight work spaces, or for projects where machinery is unavailable. Features of the QuikDot Pro hand-held applicator include:

- Compact and portable, easily used any time, anywhere
- Rugged high-impact polycarbonate body for everyday use
- Refillable and easy-to-use, minimal training required
- Lightweight for comfortable repetitive use

With a durable polycarbonate body, the QuikDot Pro is built to withstand everyday use, increasing its longevity and making it the perfect applicator for even the toughest work environments.

Compatible with two standard adhesives, but also available with other adhesive patterns upon request, the QuikDot Pro is the perfect solution for companies seeking a mobile adhesive applicator to be used in a variety of locations.

Ideal for reverse logistics, distribution centers, in-store or end-of-line repairs and so much more, the affordable QuikDot Pro and Glue Dots Brand Adhesives combination is a favored alternative to double-sided tapes, liquid glues and hot melts. Glue Dots products are also a preferred solution when other adhesives prove to be messy, ineffective or difficult to use.

### QuikDot™ Pro Applications

#### Food & Beverage

Repack or repair hot melt failures on the line, in the store or at the distribution center

#### Printing, Post-Press & Mail

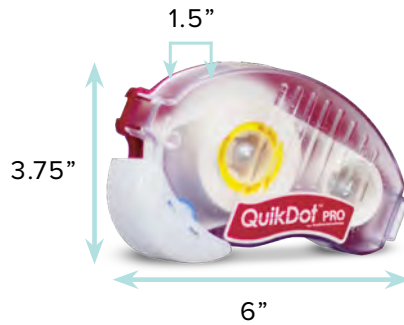

Attach promotional items & gift cards, close brochures or use as an alternative to double-sided tape
