PRODUCT DESCRIPTION

The Loctite® Pro Pump Hand Held Dispenser is a bottle-mounted adhesive dispenser that can be used with 50ml or 250ml bottles of Loctite anaerobic adhesives creating a complete dispensing system. This dispenser utilizes patented progressive cavity pump technology that is specifically designed to dispense Loctite® anaerobic threadlockers and retaining compounds. The ergonomic design allows the user to deliver a drop of adhesive with a single pull of the trigger. The multi-position nozzle delivers adhesive in three different orientations, horizontal, 45° up and 45° down and can also be folded down 90° for storage. The Loctite® Pro Pump Hand Held Dispenser enables more accurate and consistent application while eliminating waste and mess.
