

SELECTOR GUIDE

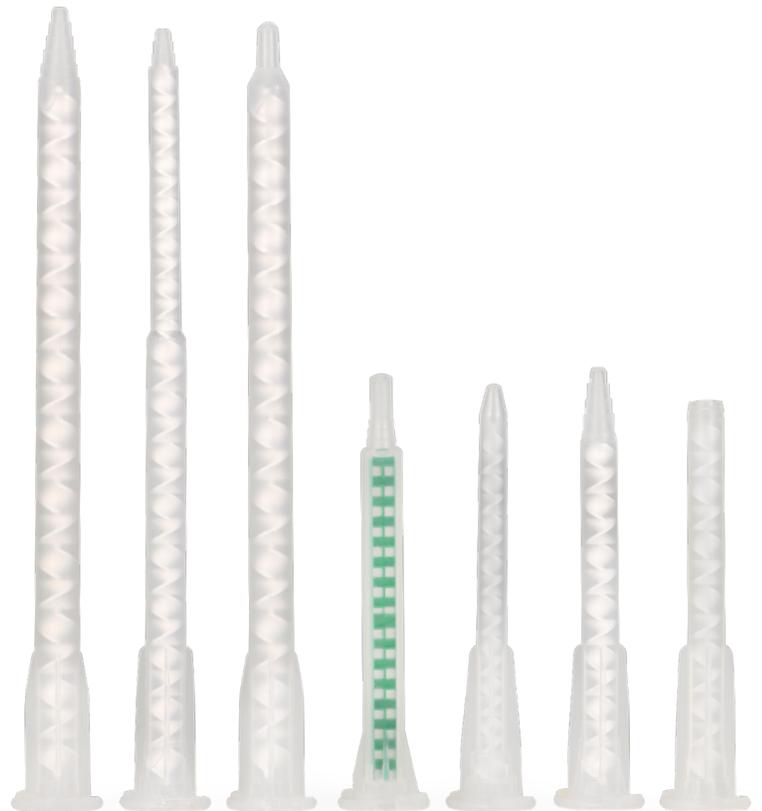

MEDMIX MIXPAC™ A-SERIES STATIC MIXERS

Ellsworth Adhesives offers a comprehensive line of medmix MIXPAC™ static mixers. As two-component adhesives are becoming more widely used in place of traditional fastening methods, there has been an increase in demand for proper dispensing systems.

MIXPAC™ Static Mixers provide:

- Precise dispensing
- Controlled adhesive performance
- High-pressure dispensing tolerance

This selector guide describes our complete line of MIXPAC™ A-series static mixers. Use this guide to choose the best fit for your application.

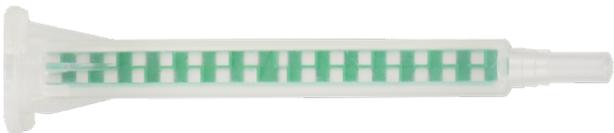

MIXPAC™ A-Series Bayonet Mixers

MIXPAC™ A-series mixers feature a bayonet design for quick and easy installation onto compatible A-style cartridge systems. Available in various styles and tip designs, they provide an efficient method of mixing two-component adhesives and fluids for many different assembly and coating applications. They come in helical and Quadro formats selected based on the user's material viscosity or A/B resin and hardener viscosity variance. They can accommodate many different mix ratio materials and are used for dispensing a variety of epoxies, urethanes, acrylic, and other materials.

Item Number	Description (All Ratio Helical)	I.D. (inch/mm)	O.D. (inch/mm)	Length (inch/mm)
EAMAH03-07T	Mix Nozzle (A) 3.0 x 7 elements	0.12 / 3.0	0.20 / 5.0	1.3 / 33.0
EAMAH03-13T	Mix Nozzle (A) 3.0 x 13 elements	0.12 / 3.0	0.20 / 5.0	2.0 / 51.0
EAMAH03-17T	Mix Nozzle (A) 3.0 x 17 elements	0.12 / 3.0	0.20 / 5.0	2.5 / 62.0
EAMAH04-13T	Mix Nozzle (A) 4.0 x 13 elements	0.16 / 4.0	0.24 / 6.0	2.6 / 66.0
EAMAH04-17T	Mix Nozzle (A) 4.0 x 17 elements	0.16 / 4.0	0.24 / 6.0	3.2 / 82.0
EAMAH05-07S	Mix Nozzle (A) 5.4 x 7 elements	0.21 / 5.4	0.31 / 8.0	2.2 / 56.0
EAMAH05-13S	Mix Nozzle (A) 5.4 x 13 elements	0.21 / 5.4	0.31 / 8.0	3.3 / 85.0
EAMAH05-13D	Mix Nozzle (A) 5.4 x 13 elements	0.21 / 5.4	0.31 / 8.0	3.1 / 79.0
EAMAH05-17S	Mix Nozzle (A) 5.4 x 17 elements	0.21 / 5.4	0.31 / 8.0	4.1 / 104.0
EAMAH05-21S	Mix Nozzle (A) 5.4 x 21 elements	0.21 / 5.4	0.31 / 8.0	4.9 / 124.0
EAMAH0517-0413S	Mix Nozzle (A) 5.4/4.0 x 17/13 elements	0.21-0.16 / 5.4-4.0	0.31-0.24 / 8.0-6.0	5.9 / 149.0
EAMAH06-12S	Mix Nozzle (A) 6.3 x 12 elements	0.25 / 6.3	0.35 / 9.0	3.8 / 97.0
EAMAH06-17S	Mix Nozzle (A) 6.3 x 17 elements	0.25 / 6.3	0.35 / 9.0	5.0 / 128.5
EAMAH06-21S	Mix Nozzle (A) 6.3 x 21 elements	0.25 / 6.3	0.35 / 9.0	6.0 / 153.0
EAMAH06-21LS	Mix Nozzle (A) 6.3 x 21 elements	0.25 / 6.3	0.35 / 9.0	6.0 / 152.0

Item Number	Description (All Ratio Quadro)	I.D. (inch/mm)	O.D. (inch/mm)	Length (inch/mm)
EAMAQ05-16LS	Mix Nozzle (A) 5.3 x 16 elements	0.21 / 5.3	0.35 / 9.0	3.3 / 83.0
EAMAQ05-24LS	Mix Nozzle (A) 5.3 x 24 elements	0.21 / 5.3	0.35 / 9.0	4.5 / 115.0

Need help selecting the right dispensing equipment for your application?

Ellsworth Adhesives offers in-house technical service support to help with material and dispensing equipment selection. Choosing a material is just the beginning – proper adhesive application requires the right equipment to promote greater accuracy, reduce waste, and improve efficiencies.

Contact an Ellsworth Adhesives representative for your dispensing needs.
