

A Global Distributor of Adhesives & Specialty Chemicals

Semco is a leading supplier of cartridge packaging systems for adhesives and sealants. Semco supplies single component cartridges and an assortment of nozzles to help you achieve optimal application results.

Part Number	Item	Features
220542	Nozzle Model NO. 410	PPG Semco 220542 410 Nozzle is a precision molded, disposable nozzle that has a 1/32 in orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
220544	Nozzle Model NO. 420	PPG Semco 220544 420 Nozzle is a precision molded, disposable nozzle that has a 1/16 in orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
220548	Nozzle Model NO. 430	PPG Semco 220548 430 Nozzle is a precision molded, disposable nozzle that has a 3/32 in orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
220550	Nozzle Model NO. 440	PPG Semco 220550 440 Nozzle is a precision molded, disposable nozzle that has a 1/8 in orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
220561	Nozzle 1002	PPG Semco 220561 1002 Nozzle is a precision molded, disposable nozzle that has a 1/16 in orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
220563	Nozzle 1004	PPG Semco 220563 1004 Nozzle is a precision molded, disposable nozzle that has a 1/8 in orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
220572	Nozzle 8613	PPG Semco 220572 8613 Ribbon Nozzle is a precision molded, disposable nozzle that has a 3/64 x 3/8 in orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
220574	Nozzle Model NO.8615	PPG Semco 220574 8615 Ribbon Nozzle is a precision molded, disposable nozzle that has a 1/16 x 1/2 in orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
220586	Nozzle 8643	PPG Semco 220586 8643 Ribbon Nozzle is a precision molded, disposable nozzle that has a 1/8 x 3/4 in orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
227613	Nozzle 415	PPG Semco 227613 415 Nozzle is a precision molded, disposable nozzle that has no orifice and 1/4 in NPT male thread to fit Semco disposable cartridges. Semco components are recommended for use with other Semco parts only. 0.25 in.
